

Payor Listing

The following is a list of carriers, TPAs and other payors accessing our network of PPO plans. Also, if you hold a direct contract with any of these groups, your contract with them is primary and you may be reimbursed according to your contracted fees with that network. The network selection used at the time of claims processing is determined solely by the carrier, TPA, or claims payor.

The carrier, TPA or claims payor may decide to start or stop accessing the provider at any time.

Prior to services being rendered, please verify eligibility and benefits with the carrier, TPA, or claims payor, in order to know which PPO network will be accessed for your patient.
